B. Submitting Comments

Please include Docket ID **NRC-2019-0049** in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at http://www.regulations.gov as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

10. Abstract: The NRC Form 176, "Security Acknowledgement and Termination

Statement" is completed by employees, licensees and contractors in connection with the

termination of their access authorization/security clearance granted by the NRC and to

acknowledge and accept their continuing security responsibility.

III. **Specific Requests for Comments**

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly

perform its functions? Does the information have practical utility?

2. Is the estimate of the burden of the information collection accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to

be collected?

4. How can the burden of the information collection on respondents be

minimized, including the use of automated collection techniques or other forms of

information technology?

Dated at Rockville, Maryland, on April 2, 2019.

For the Nuclear Regulatory Commission.
